### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard E. L. Henderson on 4/5/04.

The application has been amended as follows:

Claim 5 has been canceled.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Applicants' process for preparing an oxime defined by formula II of claim 1 is unobvious over the prior art of record because the prior art of record does not teach or suggest preparing an oxime as presently claimed wherein an aniline of formula VI is diazotized before reacting the resulting diazonium salt with the compound of formula VII (the methylglyoxal-1-oxime). All claims (3 and 7) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
